1. [REDACTED] LIAISON Per her request, I sent via courier to Leslie Lorrin, on the staff of the House Science and Technology Subcommittee on Domestic and International Scientific Planning, Analysis and Cooperation, the publication entitled "Giant Oil Fields and World Oil Resources." This request was made on behalf of Chairman James H. Scheuer (D., N.Y.).

2. [REDACTED] LIAISON Beverley Lumpkin and Fred Rayano, on the staff of the House International Relations Subcommittee on International Organizations, met with [REDACTED] DDO/EA Division, and [REDACTED] C/PCS/PGL/LB, and myself to further sanitize the Committee's draft report on Korean-American relations. Several changes were agreed upon. The remaining basic differences were clarified for the meeting between Chairman Donald M. Fraser (D., Minn.) and Mr. Carlucci, DDCI, tomorrow. (See [REDACTED] Memorandum For the Record.)

3. [REDACTED] LIAISON Dick Barnes, on the staff of the House Government Operations Subcommittee on Government Information and Individual Rights, was shown a copy of Agency Regulation [REDACTED] on the handling of defectors and given a brief overture of the type of assistance that the Agency provides. This was prompted by a request by Representative Paul N. McCloskey (R., Ca.) in reaction to the [REDACTED] Barnes will pass this information on to Mr. McCloskey and will get back to us if Mr. McCloskey wants anything further. Barnes doubted that Mr. McCloskey would want to pursue this at anytime in the near future. I left with Barnes a copy of the Guide to Law of Central Intelligence Agency volumes I and II for Subcommittee use.

5. [REDACTED] LEGISLATION Spoke with Eric Richard, Office of Legislative Affairs, Department of Justice, to inquire as to the status of a letter to have been sent under Pat Wald's signature (Assistant Attorney General) to Senator James O. Eastland (D., Miss.), registering the Justice Department's problems with regard to the bill. Eric said he delivered the letter himself to staff personnel for Senators Eastland, Glenn, and Ribicoff.

6. [REDACTED] LEGISLATION Called House Armed Services Committee to check on the status of H.R. 4173, the "Omnibus Intelligence Community and Reform Act of 1977" and H.R. 6051, the "Federal Intelligence Agencies Control Act of 1977." I was informed that no action has been taken on the legislation since the office commented thereon in January 1978.

25X1

7. [REDACTED] LEGISLATION Spoke with John Gavin, Office of Legal Counsel, Department of Justice, with regard to Justice Department's letter to Senator James O. Eastland (D., Miss.) on H.R. 12171, the "Federal Accounting and Auditing" bill. John said that he wrote the letter to Eastland which called for a "thorough consideration of the legislation by appropriate Senate committees" (Judiciary and Governmental Affairs). John said OMB has sent a similar letter to the Hill. I asked John if there had been any reaction to the letters on the Hill. John said it has caused some concern as he has been told that staffers from the Senate side have asked to meet with Representative Jack Brooks' (D., Texas) staffers to figure out what to do. I asked John to call us as soon as he heard anything further.

25X1

8. [REDACTED] LEGISLATION Spoke with Mr. Robert Carlstrom, OMB and Mr. Earl Eisenhower, Minority Staff Director, Senate Select Committee on Intelligence, concerning H.R. 12171, the "Federal Accounting and Auditing Act." Mr. Carlstrom said OMB and Justice Department had, in fact, submitted letters to Senators James O. Eastland (D., Miss.), Abraham A. Ribicoff (D., Conn.), and John H. Glenn (D., Ohio), outlining the Administration's position, and that copies of the letters were sent to us. Mr. Carlstrom said he had no further word of the status of the bill. Mr. Eisenhower said he would check on the status of the bill and find out what he could and would get back to us.

9. [REDACTED] LEGISLATION Spoke with Patrick Swygert, General Counsel, Civil Service Commission and Simon Lazarus, Associate Director, Domestic Policy Staff, concerning the provisions in the Civil Service Reform bill related to the authority of the proposed Special Counsel to receive allegations involving intelligence information by whistle-blowers. Messrs. Swygert and Lazarus agreed that the language in the bill, as passed by both Houses, was intended to require only that a Special Counsel would have authority to receive such allegations and that, thereafter, he would transmit the information to the intelligence oversight committee for further investigation and review.

10. [REDACTED] LEGISLATION Spoke with Mr. William Shattuck, Counsel, Subcommittee on Administrative Law and Governmental Relations, House Committee on the Judiciary, concerning S. 555, the Ethics in Government Act of 1978. I thanked Mr. Shattuck for his assistance in our efforts to reach a compromise amendment on the matter of protecting financial disclosure reports by intelligence officers from public disclosure. We agreed a courtesy call from the Director to Representative George E. Danielson (D., Calif.), in follow-up to the Congressman's earlier call to the Director on this matter, would be appreciated.

11. [REDACTED] LIAISON Received a call from Karen, in the office of Senator Charles Percy (R., Ill.), who requested an Agency publication for a constituent. I told her that we did not fill constituent requests and gave her the phone number to call at the Library of Congress. She thanked me for this.

25X1

12. [REDACTED] LIAISON Received a call from Ted Ralston, Senate Select Committee on Intelligence staff, who gave me further details on the presentation he would like at NPIC next week regarding SALT. Ralston asked that the meetings be held Monday or Tuesday if possible.

25X1

13. [REDACTED] LIAISON Called Kathy Jackson, personal secretary to Senator Birch Bayh (D., Ind.), and informed her Senator Bayh had agreed in principle to address a group of Agency employees on 27 November but had indicated he was not sure if he would be in Washington on that date. I told Jackson the Senator had suggested that I "keep after him" regarding this speech and I asked Jackson if she would do so and keep me informed. She agreed.

14. [] LIAISON Received a call from 25X1
Len Weiss, Staff Director, Senate Governmental Affairs Subcommittee
on Energy, Nuclear Proliferation and Federal Services, who said
he understood that the Agency was attempting to exclude his
Subcommittee from receipt of the GAO report on the [] matter. 25X1
I promised to look into this for him.

15. [] LIAISON I called the law office 25X1
of former Senator Stuart Symington to let him know that a document
containing his name was released under the Privacy Act request of
Victor Marchetti. I was advised by his private secretary, Ms.
Toby Godfrey, that the Senator was on his way out of town for a few
days but she could reach him in an emergency. I suggested that this
was not the case and asked if she would take a message for him. I
then read to Ms. Godfrey the paragraph of a Memorandum of Conversa-
tion held on 17 January 1974 between former DCI William Colby and
the Senator that was released in the Marchetti request. Ms. Godfrey
then asked me whether I was calling as courtesy, whether I was
inquiring as to any objections to the document's release, or, could
the document have been denied. I mentioned that I was calling as
a courtesy, that we could not really withhold the document because
of the Senator being a public official at that time who did not
fall within the protection of privacy for a private citizen. She
then asked if I could send her a copy of the document as it was
released and I promised I would get it out today.

16. [] LIAISON Called Beverley 25X1
Lumpkin, House International Relations Subcommittee on International
Organizations staff, and informed her that I was not yet aware of
whether the meeting between Chairman Donald M. Fraser (D., Minn.)
and the DCI had been scheduled. Ms. Lumpkin requested that a
staff-level session be held as soon as possible so that as many
issues as possible could be dealt with on that level. I arranged
for Ms. Lumpkin and Mr. Fred Rayano, of the Subcommittee staff, to
meet with [] EA/DDO, and [] C/PCS/PGL/LB, on 25X1
Wednesday, 11 October, at 1:00 p.m., in my office.

17. [] LIAISON Called Paul O'Connell, 25X1
on the staff of the Morgan-Schmitt Senate Select Committee on
Ethics Subcommittee, to discuss several matters related to the
Subcommittee's latest request for information concerning the Senate
Select Committee on Intelligence oil study leak.

22. [REDACTED] LIAISON Saw Thomas K. Latimer, Staff Director, House Permanent Select Committee on Intelligence, and gave him the classified (Confidential) oil study which NFAC had prepared on Mexican oil. I told Mr. Latimer that Representative James P. Johnson (R., Colo.) had been told some days previously that we were prepared to brief him on the paper at his convenience or to make the paper available for him to read. I told Mr. Latimer that the Agency was not about to declassify the paper just because it had been referred to in the Rocky Mountain News. I also told Mr. Latimer that the Office of Public Affairs had been unable to locate the article in question and Mr. Latimer offered to obtain it and send it to us. I said that we would look into the background of whether or not there had in fact been a leak and get back to him.
